From I4 take exit 52 to 17-92. Turn right and follow Lake Monroe Shoreline to Sanford's Monroe Harbour. Turn left toward the Holiday Inn. The **Bay Queen** and her reservations office will be seen on the right.

The **BAY QUEEN**, built in 1978 by Bount of Rhode Island, was designed to be what she is — a dinner cruise ship. Powered by two General Motors diesels, her 114 foot length, 30 foot beam, and 99 ton weight ensure both safety and stability for our passengers' cruising enjoyment.

Board the **BAY QUEEN** at Sanford's Monroe Harbour and sail with her across Lake Monroe toward the river's mouth. After waving "goodbye" to the bridge-tenders, the **BAY QUEEN** enters the tropical serenity of the northward-flowing St. Johns River.

Cruise one of Central Florida's most beautiful inland waterways while you enjoy excellent food, entertainment, and drink.

Come aboard and share a unique and relaxing experience on the **BAY QUEEN** of Sanford.
